

PUBLIC

SPEAKING

Stand with passion + use gestures

Look at the audience

Speak calmly + smoothly

Keep notes away from your face

Use a loud, clear voice

Practice

Summarise your top 3 ideas

Believe you can do it and try to enjoy the opportunity to share your voice. Remember most people are nice :)

Supporting children and young people in having a voice

The Valuing Children Initiative is a social project focused on giving Australian children and young people a voice. We believe that every child is valuable and deserves the right to thrive. Children and young people make positive contributions to society worthy of recognition and celebration, and they should be consulted and listened to when adults make decisions that impact them.
