

DESIGNING A PRESENTATION

Organise:
start,
middle,
end

Introduction:
who,
what,
why

Voice:
show your
passion
use real examples

Check:
spelling, flow, grammar
not too much text

Summarise:
take away message!
use links, QR's, images

Practice:
who says
what, check timing

Supporting children and young people in having a voice

The Valuing Children Initiative is a social project focused on giving Australian children and young people a voice. We believe that every child is valuable and deserves the right to thrive. Children and young people make positive contributions to society worthy of recognition and celebration, and they should be consulted and listened to when adults make decisions that impact them.
